

## Things we need...

	<b>Tinned hot dog sausages!</b>	Why...  ...because our dogs love them and they are great to administer medication with.
	<b>Chunks in Gravy,</b> any make but preferably not solid food in a tin.	A good variety, such as chicken, rabbit and beef and any sized tin would be gratefully received.
	<b>Toys and balls,</b>	Ideally with a hard finish and not soft fabric.
	<b>Treats</b>	Ideally natural ones such as small roast bones, pigs ears or trotters etc. Anything is good but preferably not biscuits with colouring.

## Donations needed

We are a relatively new charity (May 2013) set up because no one else would take in the lost and unclaimed stray dogs of Merseyside.

Looking after the dogs costs £250,000 a year, we sit on no reserves, and every penny received goes straight to the dogs today.

## **Sponsor a Kennel**

You can make an immediate difference to the welfare of the dogs by sponsoring a kennel. To mark your sponsorship we will display a plaque on the kennel showing your name and other details. Our sponsors often want to remember a dear departed pet or a beloved relative and kennel sponsorship costs just £3 a week.

In your kennel, as soon as a dog finds a new home a dog takes its place, you are not sponsoring one dog that can be rehomed quickly but you are sponsoring a kennel through many dogs find new homes throughout the year.

You can choose which kennel you want to sponsor during the year and receive updates on the dogs that stay in your chosen kennel throughout the year.

## **National Award**

Following a nationwide search among 5,467 nominees for animal charity team of the year, we came runners up to a 130 year old organization... what an achievement as our first year as a charity!
